**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

Claims 1-16, 29-32 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claims 1-16, 29-32 call for a method and device wherein a maximum atrial tracking rate is established based upon a hemodynamic maximum rate indicator. However, the specification establishes the maximum atrial tracking rate based upon calculations of the subinterval that is correlative of the hemodynamic maximum rate indicator and not the indicator itself, which is presently being claims.
